WORKSTATIONS

We have developed the workstation range so it is a pick and mix:

1. Choose your finish from the Melteca EC or SC ranges

2. Choose your top and your colour/finish from one of the following options:

Q300 Workstation 
Oval End Workstation 
Alpine Workstation 
Ele Workstation (Scallop) 
3. Choose your leg/base option from one of the following:

- Slab end
- iQuad legs
- iQuad+ legs

4. Choose the size you want from one of the following:

- 1200 x 1800 (left or right)
- 1200 x 2000 (left or right)
- 1200 x 2400 (left or right)
- 1800 x 1800 (left or right)
- 1800 x 2000 (left or right)
- 1800 x 2400 (left or right)
- 2000 x 2000 (left or right)
- 2400 x 2400 (left or right)

5. Choose the depths you want for each side of the workstation from one of the following:

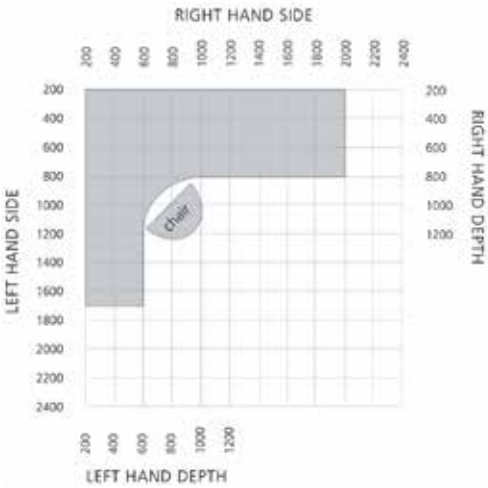
- 600, 700, 750, 800
- Or any other increment you specify

Specifications

- Each workstation comes standard with a cable port in corner and additonal ports can be added on request

Dimensions Graph

Use the graph below to determine your measurements



DESKS

COLOUR OPTIONS | ITEM COMES ASSEMBLED | MADE TO ORDER

THE TINKER PLATFORM - FROM SUPER HUMANICS

Meet the Tinker Cart, the maker platform to simplify, reduce costs and streamline STEAM project-based learning in schools.

The Tinker Cart is a mobile maker lab that covers the entire learning experience. It contains tools, machines and materials that enable 'hands on' real world learning experiences across the school and the curriculum.

How it works

Being fully integrated with the Tinker App, our learning management platform, teachers have access to a library of projects, large and small. They can assign these to classes or groups to easily monitor progress, communicate and assess students work in their digital journals.

The Tinker Cart comes fully supplied with a unique selection of tools and supplies that give students access to digital fabrication, robotics and electronics, construction experiences and the arts and crafts.

It has its own Market Place where the Cart supplies can be reordered through the App quickly and efficiently.

Projects are being added constantly. They are fully researched and integrated with the supplies in the Tinker Cart so that teachers do not have to 'find and provide' to create the whole learning experience for students.

Included in the Tinker Platform

- the Tinker Cart fully stocked with equipment, tools, supplies and materials. It's ready to go
- One year's free subscription to the Tinker App for the whole school.

Equip your classrooms with a unique, smart and mobile Maker Space that can be shared.

915 WHITEBOARD CABINETS

Optimise your storage with a practical and useable storage system, customised to your individual needs. We have a range of cabinet bases that include cupboards, drawers, cube crates & tote trays which enhance your unit, with the upper levels having adjustable shelving, hiding behind the sliding whiteboards.

Pick the sizes you require to make up the overall measurement, keeping this within the 1800, 2400, & 3600mm lengths.

All units are 2000 high x 400 deep with the interior shelf depth in the top section 290mm. Some of the width sizes may vary depending on your combinations. Now also the option for the 600 deep cabinets.

The cabinet incorporates aluminium framed sliding whiteboards that have a porcelain surface, complete with a Forever Surface guarantee. You can also upgrade for the new Porcelain Projection Board.

This is a modular system that can be shipped throughout NZ, and very easily assembled on site.
