ABOUT US

Our business was born back in 1994 (formerly known as Mike's Woodshop) when we began manufacturing children's furniture and toys from a skyline garage in Poroti, New Zealand.

Upon offering our local Whangarei schools the opportunity to purchase some painting easels, one of the local principals asked if we could custom make something similar. We took up the challenge and since then we have grown and diversified from a small product offering to a comprehensive catalogue of custom built furniture manufactured in our Whangarei based factory, along with a wide range of complementary imported and locally sourced products.

We have a skilled and loyal team who take pride in the products we deliver and who strive to provide all our customers with quality, value and service.

We have a custom built factory in Whangarei with modern machinery that produces our product to a very high standard. Over the years we have also developed an importing side to our business, whereby we can provide a number of items direct to our customers at great prices, as well as quality components to help keep our products competitive in the market. All our imported products have been very carefully selected, ensuring that they are of a higher specification than any locally made product.

We also have a range of New Zealand suppliers that complement our own furniture to ensure we have a comprehensive range available. We are very loyal to our suppliers and therefore they support us and our customers.

As a customer of Educated Furniture you have our assurance that:

- Customer service and satisfaction is our priority
- We only use and supply top quality materials and our workmanship is at the highest level.
- We will bring you the best possible products at the most competitive prices.
- We can offer a customised design service - for all areas, including the classroom, staffroom, break out spaces, offices, administration areas and libraries.
- We manufacture furniture to your specifications.
- We are always happy to assist with designing and manufacturing bespoke equipment.
- We are always researching and testing new and innovative products that we can add to our product offering.
- We are always working on ways to improve our existing products as well as coming up with completely new designs where there is a gap in the market.

TESTIMONIALS

I was first introduced to Mike's Woodshop in my first Principalship 9 years ago. I am now in my third Principalship and have proudly used Mike's Woodshop as our preferred and sole supplier of school furniture. The products from Mike's Woodshop are second to none and their range is extensive and suited today's classroom spaces and ever changing needs. The biggest reason I have used Mike's Woodshop is the fantastic service and relationship with Kerri and the team. Mike's Woodshop is 100% kiwi owned and their business is incredibly personalised. Kerri and the team treat you like old friends and ensure that service is never compromised. Their vast knowledge of furniture and classroom design supports your decision with maximising purchasing the best furniture and value for dollar. Recently, I introduced my new DP to Mike's Woodshop and she was wowed by their product and range. I can 100% endorse Mike's Woodshop as the premium supplier of school furniture.

Regan Orr | Principal Central Normal School | Te Kura Tuatahi o Papaioea, Palmerston North

Quality product complimented by quality service. It's great to have such value-add for the product and service offered by Mike's Woodshop. I go straight to Mike's Woodshop as I can't fault the service, advice and products.

John Petrie | Principal Huapai District School, Auckland

We have been using Mike's Woodshop for many years for the furniture requirements for our school. We are always happy with Mike's Woodshop, staff and the products. They are truly amazing, the staff are approachable, are always happy to help and have great follow up service.

Lesley Campbell | Office Manager Puhinui School, Auckland

Our school has been a satisfied customer of Mike and Kerri's for many years. We have always found them to be helpful, accommodating and prompt to deal with. Their products always look great in our classrooms and learning spaces, it certainly stands up to the rigors of our modern learning environments.

Steve Graveson | Property Manager Katikati Primary School, Katikati

Parua Bay School has purchased a range of diverse furniture from Mike's Woodshop for many years. Nothing is ever too much trouble for Kerri and Mike and their focus is always on what we need as a school. Their service is prompt and friendly and we have always been satisfied with their high quality products.

Danny Jewell | Principal Parua Bay School, Northland

We have been a customer of Mike and Kerri for many years. Their products are good and their service is as well. We have never had any problems, and their integrity is beyond reproach.

Pat Newman | Principal Hora Hora School, Whangarei

I have known Mike and Kerri from Mike's Woodshop since 1995. The quality of products and the advice and guidance from Mike, Kerri and the team at Mike's Woodshop are unquestionably second to none. I have moved around the country and have been the Principal in a variety of schools since 1995. I continue to purchase my school furniture from Mike and have never been let down by quality or price. My advice to any principal looking to purchase school furniture is to get a quote from Mike. You will save money and your children will benefit from excellent furniture.

Colin Watkins | Principal Westbrook School, Rotorua

I have purchased products from Mike's Woodshop since 1998, in my capacity as principal of four schools and as a member of the Whangarei and Tai Tokerau Principals' Associations. A hallmark of their service is their clear, quick and personal communication. Mike, Kerri and the staff are always available and prepared to discuss needs and to help create options where something different is required. They establish positive relationships with key people in the school. Both Mike and Kerri are extremely knowledgeable about school environments and the ever changing needs of schools. Mike's Woodshop have been sponsors of the Tai Tokerau Principals' Association since its inception. Their support of the annual TTPA Conference is valued and they fully embrace the philosophy of the conference - networking. The products they provide are of high quality, competitively priced and backed up by an experienced and hardworking team.

Paul Shepherd | Principal Maunu Primary School, Whangarei

MIKE'S WOODSHOP LTD - OFFERS YOU

- Customer service and satisfaction is a priority
- That we will continue to use top quality materials and our workmanship will be at the highest level
- We will bring to you the customer, the best possible product at the most competitive price
- As an importer, we are able to bring to you products at wholesale rates, cutting out the middle man
- A customised design service – for all areas, including the classroom, staffroom, break out spaces, Administrations, Libraries, etc
- As the manufacturer we are able to manufacture furniture to your specifications
- We will be constantly increasing our range of furniture available to you
- Don't be afraid to ask for something that will be unique to your requirements.
- Due to improvements to any product, size and changes may occur without notice

Guarantee

- We offer you a 10 year guarantee on all products unless stated otherwise on a particular item
- The guarantee covers faulty materials and workmanship only
- The guarantee does not cover unfair wear, tear, misuse or abuse
- The guarantee does not cover any fabrics or zips unless stated on the individual product
- Our guarantee is a return to base guarantee. Should in the unlikely event an item fails within the specified guarantee period it is up to the customer to return this to Mike's Woodshop for repair. Once the item is repaired we will pay the cost to return to you

Samples

- We are happy to supply samples where necessary. This is on a 7 day trial. The goods must be returned to us in a "new" condition at the cost of the client.

TERMS & CONDITIONS

Delivery

- All goods received must be checked before signing for
- If there has been any damage to the goods delivered this **MUST** be written on the delivery consignment note. It is also easier and quicker for everyone if you leave the item on the truck so that it can be replaced or repaired and back to you as soon as possible.
- Once signed for, no matter the condition, it is yours. So please check all inwards goods properly before signing for them.

Returns

- Any goods needing to be returned for any reason, you must have written permission from Mike's Woodshop Ltd. If returned without permission, there may be costs incurred by you.
- All goods have been made to your specifications. You have made your personal choices of colours, sizes and items and these have been made especially for you. All of these items are non-returnable
- If the goods have not been made to the specification on the website, catalogue or quote we are happy to have them replaced with the correct product.
- If we agree to have any goods returned there will be a restocking fee and a freight cost.

Specials

- Any items that are 'made to your specifications are not returnable.

Romalpa Clause

- Title on the goods supplied does not pass to the purchaser until payment has been made in full.

Bad Debts

- Any accounts not paid in full maybe given to a debt collector.
- All costs incurred will be payable by you the customer

Terms of Payment

- Payment required by the 20th of the month following the invoice.
- If you do have an account with us, goods must be paid for before they are dispatched.

Pricing

- All prices are subject to change without prior notice.
- All prices are PLUS GST and freight.

Disclaimer

- On publishing all items are correct to specification and design.
- However some items may differ due to updating a design and the availability of the raw materials
- Suppliers update their products from time to time, so replacement product may occur.
- We have endeavoured to have all the information correct at time of printing, however any mistakes that have been made will be pointed out to the client at time of purchase.
- All colours pictured are as close as we can get as the printing process will allow.

915 WHITEBOARD CABINETS

Optimise your storage with a practical and useable storage system, customised to your individual needs. We have a range of cabinet bases that include cupboards, drawers, cube crates & tote trays which enhance your unit, with the upper levels having adjustable shelving, hiding behind the sliding whiteboards.

Pick the sizes you require to make up the overall measurement, keeping this within the 1800, 2400, 3000, 3600 & 4800mm lengths.

2400L x 400d x 2000h
2400 Whiteboards
1 x Unit R
1 x Unit C
1 x Unit A

All units are 2000 high x 400 deep with the interior shelf depth in the top section 290mm. Some of the width sizes may vary depending on your combinations. Now also the option for the 600 deep cabinets.

The cabinet incorporates aluminium framed sliding whiteboards that have a porcelain surface, complete with a Forever Surface guarantee. You can also upgrade for the new Porcelain Projection Boards.

This is a modular system that can be shipped throughout NZ, and very easily assembled on site.

Standard Sizes

- 1800L x 400d x 2000h – with 2 900x1200 porcelain whiteboards
- 2400L x 400d x 2000h – with 2 1200x1200 porcelain whiteboards
- 3000L x 400d x 2000h – with 2 1500x1500 porcelain whiteboards
- 3600L x 400d x 2000h – with 2 1800x1200 porcelain whiteboards
- 4800L x 400d x 2000h – with 2 2400x2200 porcelain whiteboards

We can customise these sizes to fit your individual requirements. Locks are available on the whiteboards, cupboards & drawers on request

Upgrade to Porcelain Projection board

Serpentine range

**link them, curve them,
change them, move them**

For the ultimate Innovative Learning Environment

The serpentine range has proved itself to be a great innovation for the innovative learning environments in today's early childhood centres, kindergartens and schools.

This gives you a range of pick and mix of different shelving and storage units that you can configure to meet your individual spaces and requirements. All units have solid matching backs so you can create your learning space with the units turned in the different ways to break up open spaces to make that all important reading, puzzle, playdough, art etc areas.

Mix these up with our shaped and linking tables, bean bags, fritters for the ultimate ILE space.

BIRCHWOOD RANGE

Early Childcare Centres & Kindergartens

Achieve your fresh and natural look with our new Melteca RAWBIRCH range. Team up with SNOWDRIFT and take advantage of using the hard wearing LPL Melteca that meets all Australian and New Zealand regulations for use in "public spaces".

Note that ALL furniture made by Mike's Woodshop can be made into these colours – including all tables, storage units and office furniture. Other woodgrain looks also available – see inside back cover for colour choices.

- Average internal measurement 275W x 160H x 290D
- 4 standard sizes available
- Plinth base
- Can be made to customer specifications

Options

- Melteca construction for indoor use
- White Ply construction for exterior use (suitable for covered deck or verandahs)

When using the White Ply outside, there are some basic rules to follow:

- Keep them in a covered area. So this means not where the direct rain can get them wet.
- Do not position these under roof lines that are not water tight to the space below.
- Do not position these to the outside of deck areas, where the rain can get them directly wet.
- If in the event that they do get wet, it is best if you dry them off
- Do not put them directly on the ground or grass.
- Do not water blast! Be careful when cleaning the decks around the cubby holes to ensure that they don't get an unexpected soaking.

KERRI'S KOLOURS

BIRCHWOOD RANGE

Optional Extras

- Whiteboard tops
- Adjustable legs
- 530 - 625 - 685 - 725mm
- With 4 locking castors

A must for every Innovative Learning Environment. These are great for working with small groups of children within the classroom learning spaces. Is popular to have a whiteboard top on the horseshoe table. We also like to be looking at the teachers sitting position and we mostly supply the teacher a gas lift chair that supports and looks after their backs and well-being. This means that in the year 1 -4 rooms, we like to recommend using the 625h table with the 400h MLE stools, Move 'n' Rock stools or Cube stools. This means the children are sitting at a slightly higher seat, but the teacher is also comfortable. Is a "happy medium". This replaces the traditional teacher's desk and team it up with a Teachers work podium and this becomes a practical teaching space for the children and teachers.

1800 x 1200 x height required

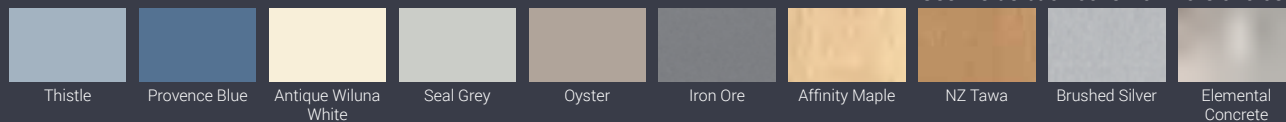

- 18mm Melteca tops
- Solid 2mm PVC edges
- 32mm round steel legs

Standard Table Heights

1200 x 800

The swerve table enables 2 children to sit side by side on each side of the table. Replaces the traditional group table within the classroom area but with the flexibility of putting them together for bigger groups and as a single table for smaller numbers. This table has been most popular as a tall table.

- 32mm round steel legs

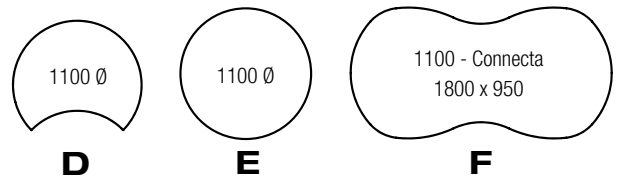

The Omega tables are a very popular option for an Innovative Learning Environment and it gives flexibility to change the shape to suit different tasks during the day. Now with the new Connecta table, you can also make up conference style seating. The Connecta table teamed up with a set of Omega tables gives you flexibility in the classroom and also gives you back the "group stand-alone table"

Year 1-6

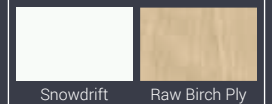

Year 7-13

KERRI'S KOLOURS

BIRCHWOOD RANGE

Optional Extras

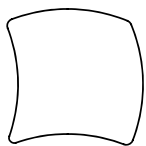

- Whiteboard tops
- Adjustable legs
- 530 - 625 - 685 - 725mm
- With 4 locking castors

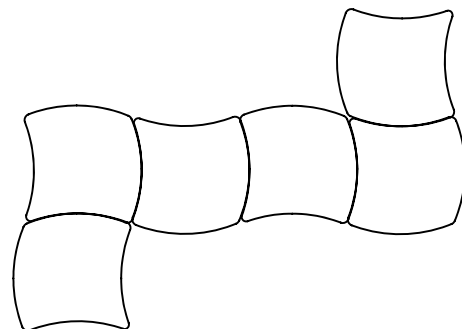

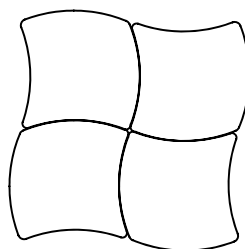

- 18mm Melteca tops
- Solid 2mm PVC Edges
- 32mm round steel legs

Switch tables says it all. Switch them, change them, move them. These tables give you the more traditional classroom table with the curves giving them a more modern look. These tables are great using in groups of 2, 3, 4 & 6 tables. Two tables gives you the "group stand-alone table" but with the flexibility of joining them together with more tables or using these as a smaller stand-alone table. A great addition to an Innovative Learning Environment.

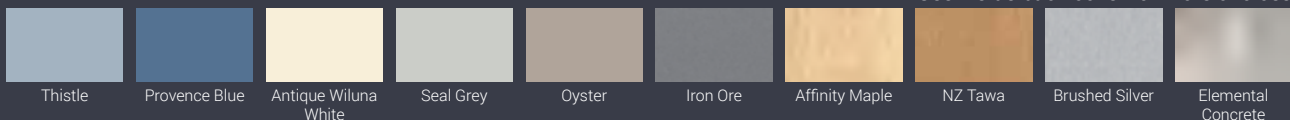

A - 800 x 800 Year 1-6
B - 1000 x 1000 Year 7+

Standard Table Heights

- Kneelers 400mm high
- Pre-School 500mm high
- Year 1-2 530mm high
- Year 3-4 625mm high
- Year 5-6 685mm high
- Year 7-8 725mm high

STANDARD COLOURS

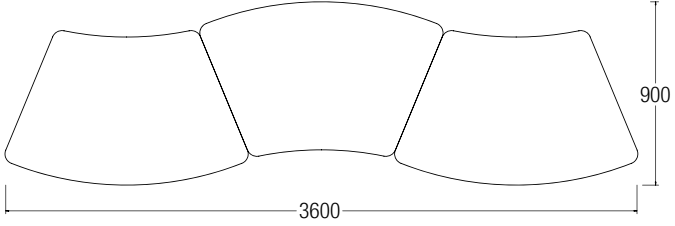

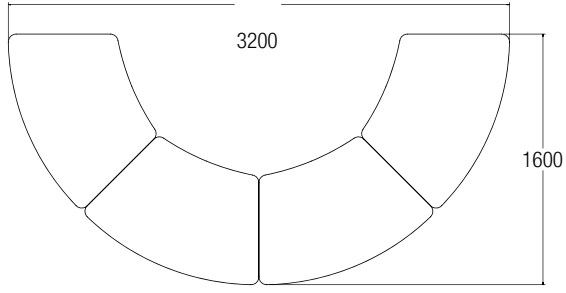

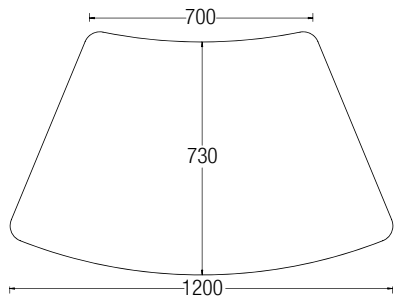

See inside back cover for more choices

- Optional Extras**
- Whiteboard tops
 - Adjustable legs
 - 530 - 625 - 685 - 725mm
 - Tall Tables 800 & 900 high
 - With 4 locking castors
 - Heavy duty frame with 51mm round legs

- 18mm Melteca tops
- Solid 2mm PVC Edges
- 32mm round steel legs

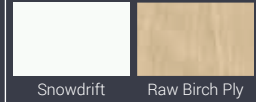

Another great table system for the Innovative Learning Environment. These tables work very well in a bigger open space where they can be moved and changed depending on the day and what is happening within the learning space. These can be set up in a circle or semi-circle for conferencing and also snaked around the room. You would allow 3 children per table when setting up your class numbers.

KERRI'S KOLOURS

BIRCHWOOD RANGE

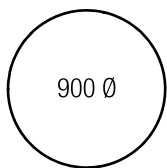

100 'O'S AND BOW TABLES

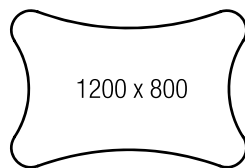

Optional Extras

- Whiteboard tops
- Adjustable legs
- 530 - 625 - 685 - 725mm
- With 4 locking castors

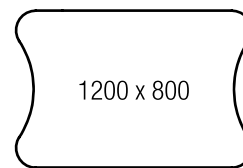

100 'O' TABLE

100B CURVED BOW

100C STRAIGHT BOW

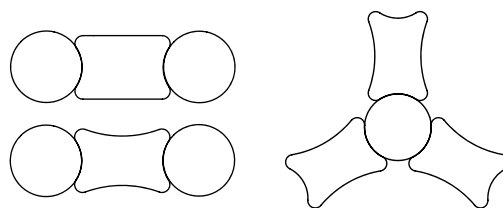

These are a flexible group of tables that work very well as individual tables and also joining them together to form bigger groups. Connecting them around into an arc gives you great conferencing style teaching opportunities.

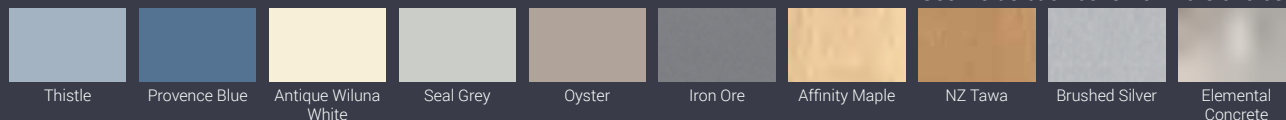

Standard Table Heights

- Kneelers 400mm high
- Pre-School 500mm high
- Year 1-2 530mm high
- Year 3-4 625mm high
- Year 5-6 685mm high
- Year 7-8 725mm high

- 18mm Melteca tops
- Solid 2mm PVC Edges
- 32mm round steel legs

165 - 166 - 167 GAMMA & DELTA TABLES

Optional Extras

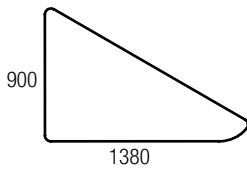

- Whiteboard tops

Gamma & Delta Table Specifications

- 18mm Melteca tops
- Solid 2mm PVC edges
- All tables have rounded corners
- 51mm round steel legs

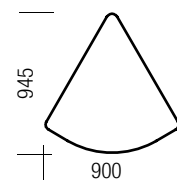

165 GAMMA LEFT TABLE

166 GAMMA RIGHT TABLE

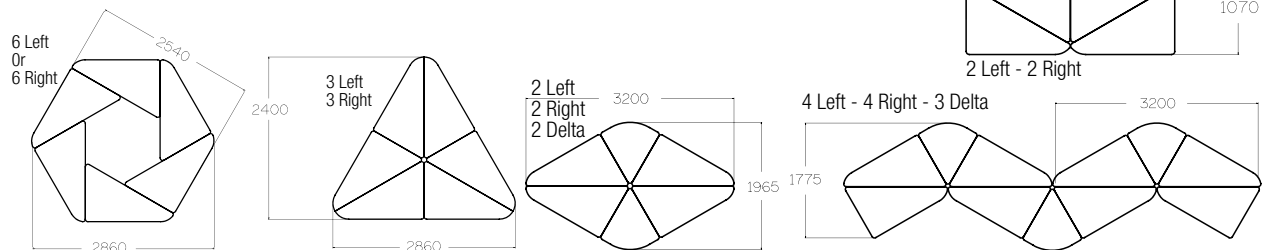

167 DELTA TABLE

The Gamma and Delta range of tables are a flexible, multi-functional range with many uses and configurations.

Ideal in the Innovative Learning Environment where they can be changed quickly into different configurations.

This range comes standard with heavy duty frames and 51mm round legs.

We welcome to our range of Summit Chairs

This chair is a multi-functional chair that is available as a chair, a gas lift & an architectural gas lift. The seats have a comfortable flexible back which offers our children the "wriggle" feature that is so important in the ILE environment. Complete with a 25mm x 1.6mm heavy duty steel frame this makes this chair a leading contender for our ILE in New Zealand Schools.

This chair comes with 3 different size seat shells which include:

Sizes	Heights	Seat size	Overall width
Year 1-2	310mm	340w x 320d x 320h (Small)	395mm
Year 3-4	360mm	400w x 400d x 390h (Medium)	450mm
Year 5-6	400mm	400w x 400d x 390h (Medium)	450mm
Year 7-13	450mm	440w x 415d x 420h (Large)	490mm

This year 3-6 size chair has a more generous seat size to suit our diverse population of children whom seem to be getting bigger with each generation.

Summit Gas lift & tablet arm chairs

This gas lift chair has the advantage of being supplied in both the medium and large size seat as a primary school size along with an adult size shell for our year 7-13's.

rainbow chairs

Options

- Chairs with arms
- Adjustable legs
- With arms & adjustable legs

Our Rainbow range is an excellent, well priced chair for preschool and primary schools. They come in a range of 8 colours that are colour co-ordinated with the Melteca colours, so that you can match the table and chair colours together. So you can create a multi coloured space using a range of table top colours and chairs, create a colour co-ordinated areas & groups with the "red" tables and chairs here and the "blue" over there, contrast the chairs with the tables and as we have also added the storm colour, you can create an industrial look with the silvers or wood grain look on the tables and the charcoal chairs.

Welcome to our new range of office furniture. We have developed this range that is functional, flexible and attractive. This range has many different features that will fit into any office, whether it is the small business, the CEO, an office with many people and of course for the individual that wants an office at home. Having the range with Desks, Workstations, Meeting tables, Coffee tables and multiple storage units makes this easy

to pick and choose to suit your individual needs. We have used all quality materials, hardware and fittings to ensure that this product lasts the distance. We have also made these in practical sizes that ensure less wastage which in turn means less damage to our precious environment. This also ensures that you are getting a product that is both cost effective, practical and functional.

Hettich is one of the world's largest producers of cabinet hardware and fittings for the residential and commercial markets. Hettich products are at the forefront of design and are well known for exceptional quality, functionality and innovation. In addition to an impressive product range, when you use Hettich products you can have total peace of mind as Hettich fully endorse the drawer and hinge systems with a Lifetime Warranty.

Lifetime warranty on all registered hardware

WORKSTATIONS

We have developed the workstation range so it is a pick & mix.

- Choose your base/leg system, the shape of the top, then the size.
ie 1200 x 600 Left x 1800 x 800 Right
 - Workstation lengths: Standard lengths available 1200, 1800, 2000, 2400, or any increment between 1200L - 2400L.
 - Workstation depths: 600, 700, 750, 800, or any increment.
- Any combinations are available. See graph for better understanding.

STANDARD SIZES

1200 x 1800	1800 x 2000
1200 x 2000	1800 x 2400
1200 x 2400	2000 x 2000
1800 x 1800	2400 x 2400

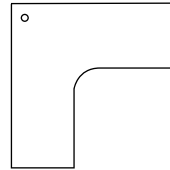

Specifications required:

- Left and right measurement
- Depth required for each side
- Each workstation comes standard with a cable port in corner
- Cable ports can be added on request

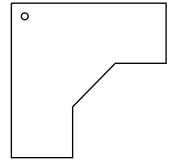

Custom made sizes all P.O.A

564 ADJUSTABLE WAVE DESK

Dimensions

Length - 950mm x width 520mm
Height - Adjustable between 740-1040mm

Wave desk is a portable, lightweight sit to stand desk. Its two powder-coated caster wheels makes moving this desk a breeze.

A height adjustable desk with two gas lifts making changing from sit to stand easy. With a fixed MDF desk top.

The desk has a max weight limit of 50kg and it's designed to handle all of your daily work needs. Compact enough to fit in any environment, but big enough to fit all your working needs on it.

526 UPANATOM

The new UPANATOM mobile laptop Sit Stand desk is a compact economical manual solution. Featuring a single lever has assist height adjustable poly propylene platform large enough to suit a 17 inch laptop. Retractable mouse pad & cup holder. Locking castors. Two handles foe easy movability. Extra wide starship base for maximum stability. 10 year warranty.

Specifications

Desk Height: 720mm - 980mm
Overall top: 600mm - 385mm
Foot print: 630x625mm

520 ARISE DESKALATOR

**Specifications**

Small: 680w x 790d x from 150 to 500h
 Medium: 890w x 790d x from 150 to 500h
 Colours: Black or white

Arise Deskalator sits on your existing desk and lets you change posture through the day.
 Scissor structure with gas spring features smooth height adjustment

Features

- Adjusts straight up and down. Always in easy reach
- Gas spring offers smooth supported height transition
- 13 available options for height adjustment
- Wide adjustment to suit all users
- Support groove on the surface to mount smart phone & tablet
- Advanced design avoids any danger of clamping injury
- Easy height adjustment via two activation paddles
- 3 hole mounts for easy-fit single or dual monitor arms
- 10 year warrantee

521 ARISE COMPULATOR

The **Arise Compulator** conveniently clamps to the front of a desk and allows the user to change posture throughout the day

Suitable for desks of various depths from 600mm upwards

Features

- Adjusts straight up and down. Always in easy reach
- Gas spring offers smooth supported height transition
- 13 available options for height adjustment
- Wide adjustment to suit all users
- Support groove on the surface to mount smart phone & tablet
- Advanced design avoids any danger of clamping injury
- Easy height adjustment via two activation paddles
- 3 hole mounts for easy-fit single or dual monitor arms
- 10 year warranty

Specifications

- 800w x 520d
- Height adjustable from 150h to 430h

522 ARISE STANDSOFT MAT

Specifications

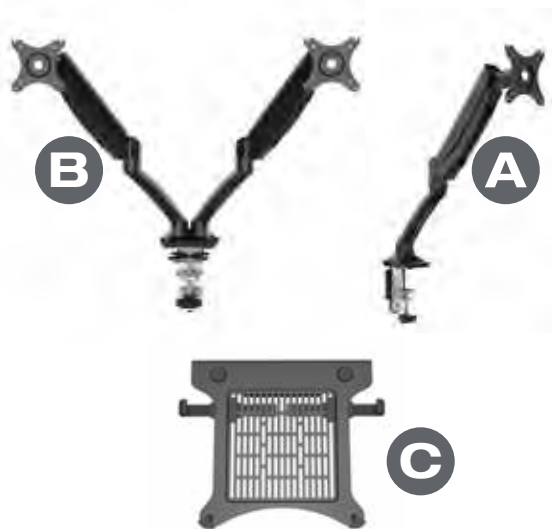

Mat width: 800mm x 500mm x 15mm

Stand your way to a healthier way of being. The new Arise Standsoft anti-fatigue mat has been specifically designed to work with the Sylex range of Sit Stand desks. The 100% PU moulded mats provide a platform that transfers downward pressure away from the hips, knees, ankles & feet.

Arise Standsoft bevelled edge reduces any tripping hazards. An intricate embossed leafy design distinguishes Arise Standsoft.

Standsoft is the perfect companion to the Arise ACT 2 desks and a necessity to any one standing over any length of time throughout their day.

525 GLADIUS ARMS

- A** Single Arm
- B** Double Arm
- C** Adapter plate for laptops & iPads

Colours: Black or white

Gladius arms allow mounting of monitors with 75mm or 100mm VESA hole centres.

Available standard in black the Gladius series is also available in white for contract quantities on longer lead times.

On the double version, independent gas height adjustable arms allow you to mount different sized monitors side by side in the same focal plane, avoiding tiring re-focusing and compromised postures.

Features

- Full rotation, 360 degrees at any position
- Up to 30 inch monitor
- 85 degrees upward, 15 degrees downward
- Cable management
- Grommet or clamp mount
- Both clamp and grommet mount included in the box
- Tablet and laptop mounts also available
- 10 year warranty

524 CUTLASS ARMS

- A** Single Arm
- B** Double Arm

Colour: White

The all new Cutlass arms are a step up from the Gladius with contemporary slim styling, better cable management and built in USB ports right on the desktop. Elegant white and black styling in a finish which will transform any office into a modern work hub. A higher adjustment range and an improved desk clamp make this the value choice among monitor mounting options.

Features

- Screen tilt adjustment
- Integrated cable management
- Double USB Ports
- Grommet or clamp mount (both included in the box)
- Made of aircraft aluminium
- Simple and stylish modeling, compact and rugged
- 360° free switch between portrait and landscape orientation
- Supports monitors up to 30"
- Sleek and streamlined appearance perfectly complements any contemporary workstation
- Tablet and laptop mounts also available
- 10 year warranty

Single - Balanced gaslift height adjustable arm
 Double - Dual independent balanced height adjustable arm

DESK UNITS

These units are all at desk height that will create an extension of your desk area, or banked together to create functional storage in your office. All these units come with matching backs so they can also break up a large office into individual areas.

Silver

Reduce reverberated noise and add a vibrant feature to your environment with Composition® Peel'n'Stick Tiles. An acoustic and decorative self-adhesive wall fabric; Composition® Peel'n'Stick Tiles are the simple choice for managing echo and creating a durable interior solution.

Key Features

- Made from 100% polyester fibre
- Available in 8 fashionable colours
- All the features and benefits of Composition® plus the added "easy DIY use" of a self-adhesive backing
- Fabric Weight: Typically 1600gsm
- Product Format: Tile size: 600mm x 600mm*
- Easy to install (DIY)

Applications

- An acoustic and pinboard surface with hook-and-loop capabilities
- Display, privacy and noise control for modular room divider
- Decorative and functional acoustic wallcovering for educational, retail and commercial interiors

Product Specifications

- Tile size: 600mm x 600mm
- Tiles per pack: 12
- Coverage: 4.32m³

8 standard colours

All Composition® colours are available in orders of 10 boxes or more

366 COMPOSITION® & VERTIFACE® COLOURS

* Composition® also available in standard roll: 25m x 1.22m

Cut lengths available
Available in 38 colours

350 PORCELAIN WHITEBOARDS

These strong and durable magnet receptive whiteboards will withstand many years of frequent use.

The nonporous surface erases clean every time and won't stain, scratch or 'ghost'.

Features

- Anodized aluminium frame
- Concealed wall fixings included
- Aluminium pen shelf included
- Magnetic receptive surface
- Forever Surface Guarantee*

Standard Sizes

- Frame depth: 20mm
- Pen shelf depth: 55mm

* *Boyd Visuals porcelain whiteboards have a Forever surface guarantee, subject to the product being used for its designed purpose.*

** *Finished size including the frame*

Customised Options

- Custom manufactured sizes
- Custom porcelain whiteboards are available with white or grey surface
- Laser engraving & signage

A porcelain whiteboard is the best choice if your whiteboard will be used regularly. Ideal for education, commercial, and other medium to high use applications.

Board Size** (mm)	Pen Shelf Length (mm)
600 x 900	375
900 x 900	375
900 x 1200	375
900 x 1500	750
1200 x 1200	750
1200 x 1500	750
1200 x 1800	750
1200 x 2400	750
1215 x 3000	750
1215 x 3600	750

351 LACQUERED STEEL WHITEBOARDS

These lacquered steel (acrylic) magnet receptive whiteboards are ideal for general use. The write on - wipe off surface is easy to clean and resists staining or 'ghosting'.

Features

- Anodized aluminium frame
- Concealed wall fixings included
- Aluminium pen shelf included
- Magnetic receptive surface
- 5 Year Surface Guarantee*

Standard Sizes

- Frame depth: 18mm
- Pen shelf depth: 55mm

1200 x 1500	750
1200 x 1800	750
1200 x 2400	750

353 PORCELAIN PROJECTION BOARD

Ideal for spaces that are exposed to excessive ambient light, Porcelain Projection Board is scientifically engineered to reduce glare.

Teaching and presentation methods have evolved. More multimedia, projection and interactive content is being incorporated into classrooms and corporate meeting spaces worldwide.

This advancement in technology has led to tension between glare reduction and dry erasability. As a result, students and co-workers are experiencing shorter attention spans, visual fatigue and reduced knowledge transfer.

Porcelain Projection Board addresses that problem with a surface that both enhances the projection and write-erasability.

Features/Benefits

- Magnetic Receptive
- Forever Surface Guarantee
- Optimized for Projection
- Reduced "Hot Spots"
- Clear Vibrant Images

Sizes

Porcelain Projection Boards can be custom made to the size you require.

Board Size** (mm)	Pen Shelf Length (mm)
1220 x 1500	750
1220 x 1800	750
1220 x 2400	750
1220 x 3000	750
1220 x 3600	750

Porcelain Projection Board is optimized for projection, writing and erasing - It meets the growing needs of today's students and workers.

STANDARD WHITEBOARD SURFACE

Glare & hot spot from projection or sunlight

PORCELAIN PROJECTION BOARD

Reduced glare & hot spot from projection or sunlight

361 MOBILE PIVOTING WHITEBOARDS

738 LUNDIA MOBILE STORAGE - MANUAL SYSTEM

739 LUNDIA MOBILE STORAGE - ROTODRIVE SYSTEM

Environmental, economical & space saving. Certified by Environmental Choice New Zealand & EnviroSpec Verified

Lundia mobile storage systems are a practical, space-saving and adjustable storage solution that's ideal for a range of environments. From educational facilities, government departments, commercial fit-outs, hospitals & libraries, Lundia mobile shelving can be tailored to suit any space, décor, design and storage need. Lundia mobile units can be customised to maximise available space and optimise your floor plan.

Lundia mobile storage systems are built from plantation grown, sustainable harvested radiata pine, with the option of eco-friendly lacquer alternatives.

This means they're not only space saving and practical, they're also an environmentally responsible storage solution.

Specifying Lundia mobile shelving units in natural timber finish with Melteca ends is a green star choice.

When you specify these products and finishes for your interior fit-out projects or Educational fit-out projects they contribute towards a green star rating.

SHELF DEPTHS FOR FILING REQUIREMENTS

Eastlight Files	292mm deep shelf – check height of file ie: foolscap or A4 for shelf spacing
Box files	Standing end-on-end 292mm shelf depth Spacing as above, check A4 or foolscap
Box files Foolscap	385H 250D 85W
Box files A4	340H 250D 85W
Foolscap Lever Arch file	350H 280D 85W
A4 Lever Arch file	320H 285D 85W

Upright Heights	Shelf Lengths	Shelf Depths
1829mm	600mm	235mm
2100mm	800mm	292mm
2400mm	900mm	381mm
	1000mm	457mm
	1200mm	610mm

Lever Arch Box Files Laying on spine or flat 381mm shelf depth. Required spacing between shelves depends on client's requirement and how many boxes high they stack when stored flat

Colour Coded Files 381mm shelf depth required Check spacing with file height (usually 2100mm high with 8 shelves and storage levels 25mm drilled uprights) but we strongly recommend checking sizes

School Box Journals Usually 210mm high 8 shelves, 7 storage levels 25mm drilled uprights 292mm depth is usually ok, but we strongly recommend checking sizes

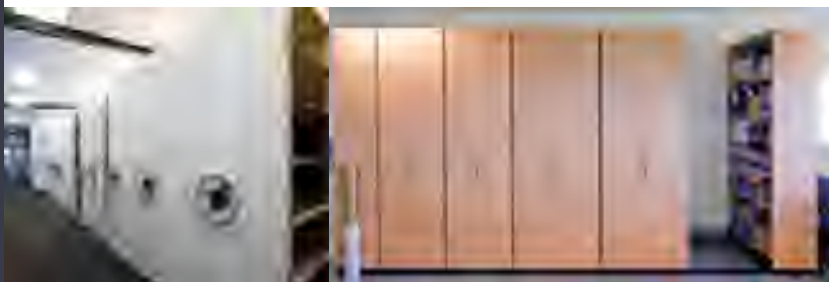

Paper sizes

A4	= 210mm x 297mm
A3	= 297mm x 420mm
A2	= 420mm x 594mm
A1	= 594mm x 841mm

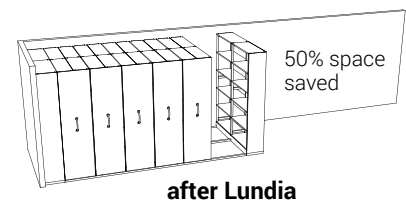

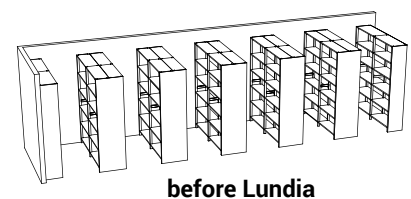

TECHNICAL INFORMATION

- Manual or Rotadrive (mechanically assisted) carriage options
- No nuts and bolts
- Fully adjustable and relocatable
- Each system is created to your space & design requirements
- All shelves are smooth & flat on both sides with no downturn lips to obstruct items being removed
- Shelves vertically adjustable at 50mm or optional 25mm increments
- Mobile systems move silently – our timber absorbs noise & will not rattle
- Mobiles have a tracking system under each upright for greater ease of movement & load spreading
- Solid timber construction protects files by regularity humidity, absorbing moisture & no conduction heat or electricity
- The wheels have sealed bearings that require no maintenance
- A shelf will carry up to 200kg with a maximum of 580kg per single shelving bay
- A manually operated unit will carry 2500kg per carriage
- New low profile track - 17mm
- Exterior face panels can be customised with a wide range of materials including: Melteca or timber veneer, paint finish or UV clear lacquer, mirror, fabric, wallpaper, perspex, glass and company branding.

739 ROTODRIVE SYSTEM

738 MANUAL SYSTEM

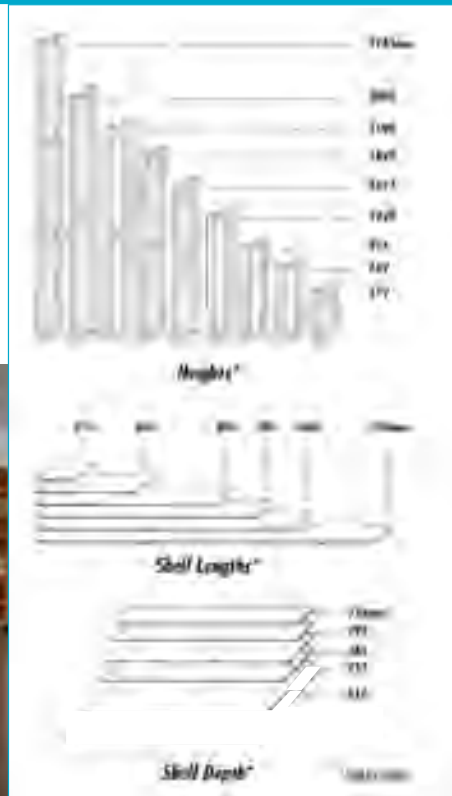

Warm up the look of your library using the Lundia wooden shelving systems

Options available

- Lacquered timber
- Coloured, painted or stained
- Flat & display shelves available
- Natural wood finish

Lundia Shelf Heights, Lengths and Depths to Solve Every Space Need

Standard sizes shown below can be assembled in any combination to make up the unit you require.

Clearance Between Upright Frames:

The shelf length less 30mm is available for accessing stored items.

Overall Length of Shelving Unit:

Open upright type = shelf lengths + 30mm added once.

Panelled upright type = shelf lengths + 30mm added once + 5mm for each panelled upright.

The Benefits of Choosing a Lundia Shelving Solution

- No nuts and bolts required
- Lundia is quick and easy to install
- Shelves are adjustable at 50mm or 25mm centres
- All Lundia shelving products are easily installed, fully adjustable, demountable and relocatable
- Sort out all your resources
- Sort out your art room
- Store all the coloured paper effectively without waste
- Store all black & white paper
- Store all the paint etc so its easy to find & return

This range is suitable for trophy cabinets, display cases and shop counters.

High Performance

- Excellent durability
- Optimum washability
- Easy cleanability
- FibreGuard = fresh looking fabric

Stain Free Technology

- Tackle stains easily
- Remove ballpoint pen, coffee, red wine, ketchup, mud etc
- Low maintenance
- Child friendly
- Pet friendly

Cleaning instructions

1. Remove any remaining stain residue with flat utensil.
2. Apply water to the stain and blot using a white paper towel. Do NOT rub in a circular motion. Repeat the process until the stain residue is no longer visible on the paper towel.
3. Apply more water to the area for stubborn stains. A normal household soap may be used. Gently rub with a microfiber cloth. Use circular movements for best results. Repeat the process until completely removed. (when using soap, use intermittently)
4. Allow the fabric to dry naturally. Do not apply heat

Octavia

- 61% Poly Acrylic
- 39% Polyester

Pacifica Vinyl

- Martindale 50,000 Rubs

Pacifica vinyl is an Indoor/Outdoor FR Vinyl, high strength backing fabric with RESISTAIN finish.

Cleaning and care of vinyl

- To clean, wipe with soft sponge or cloth moistened in warm soapy water, then dry with a soft cloth
- Liquid spills should be blotted with a soft dry cloth.
- For other stains add a small amount of mild detergent.
- For Grease, Pen, Markers and Crayons, Isopropyl Alcohol is recommended for spot cleaning
- Prompt attention to cleaning will yield the best results

Raw Birch Ply

Melteca Decorated Board is a versatile pre-decorated panel with a durable melamine surface on both sides. For interior use only, Melteca Decorated Board is available in a range of decors, on a choice of substrates, sizes & thicknesses.

Never use any of the following Abrasive cleaners:

Jif, Vim, Ajax, Chemico, Brasso, Oven Cleaners, neat Janola, wire wool, scourer pads, sandpaper.

Cleaning

- Wash down with warm water with a small amount of detergent. For best results use streak free glass cleaner with a soft cloth.
- For textured finishes (stipple, wood grain, etc) the periodic use of a soft brush may be necessary for the removal of dirt build-ups and residues left by some spray-on cleaners.

Spillages

- Hair rinse, Janola (neat), Harpic, oven cleaners - wash with hot soapy water then wipe dry.
- Fabric Dye - wash with cold water, then wipe dry. Then apply methylated spirits, and wipe dry.
- Battery acid, Hydrogen Peroxide, Glue Hardners - wash with cold water, then wipe dry.
- Hair Dye - wash with methylated spirits, then wipe dry.
- Leather Dye - wash with methylated spirits, then wipe dry. Follow with mineral turpentine wash and wipe dry.

Stain and Mark Removal

- Stubborn marks or stains - apply Handy Andy or diluted Janola (1 part to 3 parts water), then wipe down with a warm damp cloth.
- Smearing, finger marks, marking from cold or hot dishes, stickiness - apply 1 or 2 applications of acetone (available at pharmacies) and wipe over with dry cloth.

- Newsprint - use methylated spirits or mineral turpentine
- Rust - use vinegar or lemon juice
- Pencil - use water and a damp cloth
- Felt pen or dry marker - use methylated spirits or acetone
- Paint - use acetone or Duco Lacquer thinners (from a paint shop)
- Glue - contact type - use Ados Solvent N (from a paint shop)

Once again with any of the above use streak free glass cleaner to remove any residues.
